Carl

Per your request, attached is the stipulation that was filed with the court on March 25, 2013, setting the May 23rd deadline in paragraph 7

By May 23, 2013, EPA shall sign a notice of re-proposed rulemaking in which it proposes approval of a SIP, promulgation of a FIP, partial approval of a SIP and promulgation of a partial FIP, or approval of a SIP or promulgation of a FIP in the alternative, for the State of Wyoming, to meet the regional haze implementation plan requirements that were due by December 17, 2007, under 40 C.F.R. § 51.309(g). In its re-proposal, EPA will propose to determine, for each source subject to BART, the period of time for BART compliance that is as expeditious as practicable, as required by 42 U.S.C. § 7491.

Gail

Could you work today on the 3 or 4 sentences Janet requested that summarize comments on costs?

Sara, can you answer Janet's question on the CD date? Not sure if she is asking for just the most current or the original one(s) as well.

Thanks

Subject: date of WEG Consent Decree covering Wyoming

Guys—when did we enter into the Consent Decree with WEG that covers the WY RH SIP dates? Sorry for including so many people, but I'm not sure who's in today.

Thanks.

Also, Carl—could you put together 3-4 sentences summarizing the main themes of the comments we got on the first WY proposal, especially the ones that caused us to feel we needed to repropose? Thanks....
